## DISCLAIMER OF WARRANTIES

Ha-Fa Industries hereby excludes all warranties, express or implied. Ha-Fa Industries expressly disclaims any warranty of merchantability and any warranty of fitness for a particular purpose. There are no representations between Ha-Fa Industries and any third party other than those expressly set forth in this writing, and all reliance with respect to any representations set forth in this writing. The purchaser of any product sold by Ha-Fa Industries accepts the product "as is" and the purchaser assumes any and all risks associated with the use of the product.

## CONDITIONS OF SALE

Always follow all label directions. The manufacturer cannot control weather conditions, methods of application nor the condition of the crop at time of application. Buyer assumes all risks of use, storage or handling of this product when used in a manner inconsistent with label directions.

Designed to be used by itself or it can be mixed with various other fertilizer formulations for in-furrow or foliar application.

## DIRECTIONS:

General recommendation: use 16-32 fl oz per acre, with 10-15 gallons of water. For best results apply 3 times during the growing season. Application should be made directly to the leaf surface in the form of a foliar spray. Mix well before applying. Soil or Drip irrigation system: use 16-24 fl oz per acre with every feeding cycle. During seed and planting: use 16-20 fl oz per acre with 10-15 gallons of water.

## RECOMMENDATIONS:

To ensure compatibility, a jar test or strip test should be conducted before adding to your tank mix. Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

## NOTE:

This product does not contain any type of Plant Growth regulators, or Vitamin hormones.
